The aim of the association “Vélo Loisir Provence”:

- gather tourist suppliers situated along the biking itineraries “Luberon by bike” and the “Verdon by bike” and all other existing and for coming itineraries of the Provence-Alpes-Côte d’Azur region.
- develop, assist and promote biking tourism, concerning all kind of practices and levels in the Region Sud (Provence-Alpes-Côte d’Azur).

Our actions briefly:

Animation of the territory

- Thematic and technical days for professionals of the tourism sector and members of the association,
- Actions to sensibilize local actors (study trips, trainings, professional meetings)

Promotion of the network and the itineraries

- Publication of brochures and leaflets,
- Creation of a website (in three languages soon) presenting the itineraries, the association and its members,
- Participation to public exhibitions (tourism, outdoor activities...),
- Welcome journalists and tour-operators,
- Organize events on the territory: Zapéro Vélos, Fête de la Randonnée...

Expertise and prospective study

- Participation to meetings concerning the development and the promotion of biking,
- Economic surveillance and technical intelligence, news,
- Sharing experiences and good tips,
- Technical support concerning cycling tourism and non-motorized means of transport

The members of the network are bound by a technical charter governing the services which are common to all: the “Accueil Vélo” label.

- It concerns **10 categories of suppliers** which are bike rental companies, state approved guides, taxi companies, travel agents, accommodations, restaurants, cultural sites, wine cellars and producers' shops.
- A **help to fit the label** and be part of the network.
- A **regular control of the suppliers in order to check each criteria.**

A few examples of criteria:

Remarkable

Members are easy to identify as soon as you arrive thanks to a sign.

Picnic

Supplied by your accommodation. For a maximum price of 15 € for each tourist. Ideal for an early departure (booking requested the day before).

A secured bike storage

You can store all of your equipment in a secured place. Reassuring isn't it?

Wash and dry clothes

You can travel during several days with few clothes. Even after a rainy day, your clothes can be dried.

Assistance

Bike rental companies can fix or replace your bike in few hours. In case of breakdown, members are able to take you to your next stage.

Equipment adapted to the family

Bike rental companies are able to offer baby seats, third wheel or a trailer. All the family can enjoy the ride! Taxi companies even carry luggage and bikes! They are equipped with car seats...

Make easier a several days' tour

Bike rental companies are organized together: if the departure point is different than the arrival point, you can rent here and leave your bike somewhere else.

According to the technical charter “Accueil Vélo”, the tourist suppliers are committed to offering adapted services for cyclists that take the bike as a mean of transport for their cycling stay!

Download the charter “Accueil Vélo” online on www.veloloisirprovence.com.

Explore the unspoiled areas of **the Luberon and the Verdon Regional Natural Parks** but also the Pays de Forcalquier - Montagne de Lure and the Val d'Allos, from its typical villages to its unexpected roads and tracks...

The Regional Natural Park of the Luberon: a remarkable territory!

At a point where the Alpine and Mediterranean climates converge, the Luberon range (1 125 metres at The Mourre Nègre), is an invitation to a different sort of holiday! Steep rocks and garrigue, ridge grass, gorges, a cedar forest, ochre cliffs... A variety of environments and atmospheres in a 60 x 30 km area.

Man has also left his mark here in the bories, villages of character, castles, monuments but also humbler buildings such as wash houses, fountains, chapels, etc.

Farmers' markets or weekly markets are places for getting together and the highlight of local life. They bear witness to a life style which is also seen in arts and crafts, wines (A.O.C Côtes du Luberon and Côtes du Ventoux, Coteaux de Pierrevert) as well as in fine food (Candied fruit from Apt, goat's cheese, honey, olive oil, fruits and vegetables).

One of the objectives set by the **Luberon Regional Natural Park** is to protect and valorise the natural and human heritage, making it accessible to all. The Park encourages discovery tourism, and specifically encourages all forms of non-motorized travel.

The development of the Cavaillon - Apt - Forcalquier - Manosque - Lourmarin - Cavaillon itinerary across the Park territory, takes you around the Luberon over 236 km. It also aims to enable the development of tourist holidays around cycle tours.

The Luberon Regional Natural Park

77 communes - Main towns : Apt (12.000 inhabitants), Cavaillon (26.000 inhabitants), Manosque (23.000 inhabitants), Pertuis (19.000 inhabitants)

Date of creation: 1977

Area: 185 000 hectares

Population: 170 000 inhabitants

Region: Provence-Alpes-Côte d'Azur

Departments: Vaucluse & Alpes de Haute-Provence

On signposted itineraries on the road, hybrid bikes are recommended.

Nevertheless, many cyclists use mountain bikes or road bikes.

456 km of signposted itineraries in both ways on asphalted with few traffic!

- 15 to 51 km : "Les Ocres à vélo" - 2 to 5 hours
- 38 to 94 km : "Forcalquier - Lure à vélo" - 4 to 8 hours
- 41 to 91 km : "Le Pays d'Aigues à vélo" - 3 to 7 hours
- 236 km : "Autour du Luberon à vélo" - 2 to 7 days

And...

- 45 km : "Véloroute du Calavon" - a secure greenway (part of "The Mediterranean Route" - EuroVelo 8) - from 3 hours (go) to 6 hours (return trip)
- 14 to 69 km : "Gordes à vélo" - non signposted for the moment
- 28 other suggestions for un-signposted circuits of all levels
- 2 mobile applications : "Les Ocres à vélo" and "Challenge de Lure"

Guided by efficient signposting, the itineraries do share small roads with cars, but are very peaceful.

You will not be cycling on any main roads, just crossing them at times.

The rest of the time, you will have absolute peace of mind! Enjoy the sights, sounds and the calm atmosphere!

Departure from where and when you want!

- **Both-ways signposting** : starting from the town of your choice
- **Permanent signposting** : available all year round
- **Links between itineraries** : large choices of cycle circuits

Vélo Loisir Provence answers also to the needs of all people. Stay connected and download one of our mobile applications which allows you to **discover Luberon by bike easily!** No need any connection on spot!

- **Challenge de Lure: rise to the challenge!**

Starting from Saint-Étienne-les-Orgues, this 18-km ascent with a 5.8% average gradient goes through a variety of landscapes and offers the most magnificent views of the Pays de Forcalquier, the Durance Valley and the Alps (Summit in Lure 1736m).

According to your athletic level and your ascension time, you will leave with a gold, silver or bronze diploma.

The ascent is livened up by accompanying messages and tourism information.

More information on Strava app.

- **The “Ochre by bike” and geology exploration**

Be guided in total serenity by your smartphone or tablet. Accessible and fun for everyone.

4 circuits from 15 to 27 km initially through the Ochre area and then passing through the communities of Viens, Caseneuve, Gignac and Saint-Martin-de-Castillon. This route unveils the riches of the land, the geological formation of the countryside and the Ochre sites of the Luberon.

As a family or with friends, a cornucopia of pleasure to the senses awaits you at every turn!

Each circuit depicts a different theme:

- Roussillon circuit: 14,9 km - 2h30: the ochre exploitation, open and underground quarries.
- Apt circuit: 25 km - 3h45: the history of Apt from geological times to the present day.
- Rustrel circuit: 19km - 3 hours with a shorter version: 11km - 2 hours. In the footsteps of a geologist, searching for Colorado. This circuitous route, particularly in its shorter version, is dedicated to families and children.
- Boucle de Caseneuve circuit: 26.8km - 3 ¾ hours. The rocks and fossils, the countryside and the human geography.

Discover mountain biking itineraries in the Luberon with:

- The **Great Vaucluse mountain bike crossing** through the Monts de Vaucluse (277 km) or the Luberon (330 km) and the **Alpes-Provence mountain bike crossing** (300 km),

The Mediterranean route: EuroVelo 8!

The **Mediterranean Route** goes from Le Perthus to Menton. It is part of the **EuroVelo 8**, a **European cycle route of 7200 km / 4475 miles** which links Spain to Turkey, crossing 12 countries.

In France, the **Mediterranean Route** offers a **diversity of amazing landscapes**:

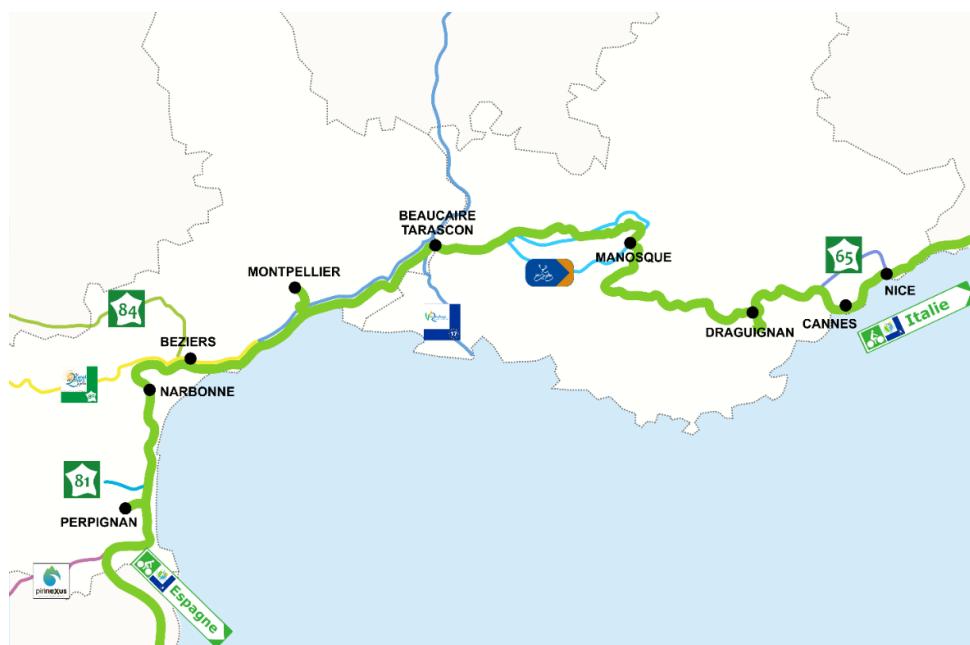

- sunny beaches,
- ancient cities,
- typical Provencal villages,
- UNESCO World Heritage sites (Canal du Midi),
- exceptional natural areas (Camargue)

The itinerary is not defined entirely but will pass by Narbonne, Montpellier, Béziers, Sète, Tarascon, Manosque, Draguignan, Nice and Monaco...

This is approximately a **850 km long cycle route**. Today, **80% of the French itinerary is done** so you can't follow it all the way.

Find out more information and ideas of cycling stays www.lamediterraneaveo.com / www.lamediterraneavelo.org.

Vélo Loisir Provence proposes itineraries accessible for everyone!

Make easier biking from inn to inn...

Going for several days? Nothing's easier : the itinerary "[**Autour du Luberon à vélo**](#)", 236 km around the mountain of the Luberon, signposted both ways, gives the opportunity to discover slowly all the uncountable of this exceptional territory. It follows small roads with few traffic chosen for the beauty of its villages and sites.

Also possible, the **Great Vaucluse mountain bike crossing** through the Monts de Vaucluse (277 km) or the Luberon (330 km) and the "[**TransVerdon**](#)" **mountain bike crossing** (260 km).

Members of the network make easier this organization thanks to many services proposed and adapted to a stay for one night only (luggage transport by taxis, coordination between bike rental companies, picnic available in the accommodations, travel agencies offer a wide range of stays adapted to everyone...).

And what about a cycling trip along the [**Mediterranean Route - EuroVelo 8**](#), from Perthus to Menton? This signposted itinerary (80%) follows the Mediterranean Sea and allows you to different and beautiful landscapes.

In family...

Flat and secured, the "[**Véloroute du Calavon**](#)", part of the Mediterranean Route, invites you to discover again biking with children : a morning long, one day or why not an entire weekend, this **45 km itinerary** only accessible to non-motorized vehicles specially is really adapted to children.

Other itineraries are also possible for children ("[**Ocres à vélo**](#)", "[**Petit Plateau**](#)", "[**Balcons d'Esparron**](#)") from 8 to 10 years old.

A child is able to ride around 30 km a day with many stops.

Before that old, we advise you to rent a third wheel, a baby seat or a trailer.

Go wherever your fancy takes you and choose an **organised formula** which includes accommodation, bike hire on the spot during the stay, luggage transfer if necessary, picnic, baskets, advice for warming up, and even a guide to supervise the ride.
